Bahir Dar, Ethiopia | October 2024

The 6th EAI International Conference on Computer Applications in Industry and Engineering (ICAST 2024) will provide a global forum for researchers, engineers, and practitioners to present and discuss the latest advancements in computer applications in a wide range of industries and engineering disciplines. The conference will focus on the role of computer applications in promoting sustainable development, with a particular focus on the challenges and opportunities facing developing countries.

Conference Tracks

ICAST 2024 will feature a wide range of tracks covering the latest advancements in computer applications in industry and engineering, including:

- Artificial intelligence and machine learning
- Big data and data analytics
- Cloud computing and distributed systems
- Cybersecurity and information security
- Human-computer interaction and user experience
- Industrial automation and control
- Internet of things and sensor networks
- Mobile and wireless communications
- Software engineering and software development
- Sustainable computing and green ICT

Call for Papers

Researchers, engineers, and practitioners are invited to submit original research papers, case studies, and application notes for presentation at ICAST 2024. Papers should be submitted electronically through the conference website by the deadline of ****March 15, 2024****. All submissions will be peer-reviewed by a team of international experts.

Important Dates

- **Paper submission deadline:** March 15, 2024

- **Notification of acceptance:** June 15, 2024
- **Camera-ready papers due:** August 15, 2024
- **Conference dates:** October 2024

Venue

ICAST 2024 will be held in Bahir Dar, Ethiopia. The conference venue is the Bahir Dar University Main Campus, which is located in the heart of the city. Bahir Dar is a beautiful and vibrant city with a rich history and culture. The city is home to a number of historical sites, including the Blue Nile Falls and the Lake Tana Monastery. Bahir Dar is also a major center for education and research, and it is home to a number of universities and research institutions.

Registration

Early bird registration for ICAST 2024 is now open. To register, please visit the conference website. The early bird registration deadline is ****July 15, 2024****. After this date, the regular registration fee will apply.

Accommodation

A number of hotels are located within walking distance of the conference venue. To book accommodation, please visit the conference website. The conference organizers have negotiated special rates with a number of hotels.

Contact Us

For more information about ICAST 2024, please contact the conference organizers at icast2024@eai.eu.
