

# Challenging Cases in Allergic and Immunologic Diseases of the Skin: Applied

## Authors

- Author 1
- Author 2
- Author 3

## Description

This book is a comprehensive guide to the diagnosis and management of challenging cases in allergic and immunologic diseases of the skin. It is written by a team of experts in the field and provides concise and practical guidance on how to approach and treat these complex conditions. The book is divided into four sections: (1) Basic principles, (2) Allergic diseases, (3) Autoimmune diseases, and (4) Immunodeficiency disorders. Each section provides an overview of the disease process, clinical presentation, diagnostic criteria, and treatment options. The book also includes numerous case studies and high-quality images to illustrate the clinical manifestations of these diseases.

## Table of Contents

- **Section 1: Basic principles**
  - Chapter 1: The immune system
  - Chapter 2: The skin
  - Chapter 3: Allergic and immunologic diseases of the skin

- **Section 2: Allergic diseases**
  - Chapter 4: Atopic dermatitis
  - Chapter 5: Eczema
  - Chapter 6: Urticaria and angioedema
  - Chapter 7: Anaphylaxis
  - Chapter 8: Contact dermatitis
  - Chapter 9: Drug hypersensitivity
- **Section 3: Autoimmune diseases**
  - Chapter 10: Psoriasis
  - Chapter 11: Vitiligo
  - Chapter 12: Pemphigus vulgaris
  - Chapter 13: Bullous pemphigoid
  - Chapter 14: Lupus erythematosus
  - Chapter 15: Scleroderma
- **Section 4: Immunodeficiency disFree Downloads**
  - Chapter 16: Primary immunodeficiency disFree Downloads
  - Chapter 17: Secondary immunodeficiency disFree Downloads
  - Chapter 18: Immunodeficiency and the skin

## **Features**

- Comprehensive coverage of challenging cases in allergic and immunologic diseases of the skin
- Written by a team of experts in the field
- Concise and practical guidance on how to approach and treat these complex conditions
- Numerous case studies and high-quality images to illustrate the clinical manifestations of these diseases

## **Benefits**

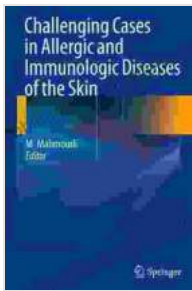

- Improve your diagnostic skills
- Learn how to manage complex and challenging cases
- Stay up-to-date on the latest advances in the field
- Enhance your patient care

## **Who should buy this book?**

- Dermatologists
- Allergists
- Immunologists
- Residents and fellows in these specialties
- Nurses and other healthcare professionals who care for patients with allergic and immunologic diseases of the skin
